

# Activate & Subscribe

Welcome to SIRIUS. The Best Radio on Radio™.

## SIRIUS Programming Package Options

After you've installed your radio, you'll need to choose one of our Programming Packages and activate your subscription. Visit [sirius.com](http://sirius.com) to explore the variety of programming options available and find the most up-to-date channel lineup and information to help you decide which subscription plan is right for you.

## Programming Packages

We've created a variety of Programming Packages to make subscribing easy. If you want the most variety, choose SIRIUS Everything Plus XM or SIRIUS Everything. We also have Family Friendly versions of both packages, which exclude channels with mature content. Or you can choose Mostly Music or Sports, News & Talk. Programming Packages are the easiest and fastest way to start enjoying SIRIUS.

## A La Carte Programming Packages

Your new Starmate 5 radio allows you to choose from our A La Carte Packages, which provide for individual channel selection. There are a variety of A La Carte options, offering both basic and premium channel selection. You can activate an A La Carte subscription by calling SIRIUS Customer Care or online at [sirius.com](http://sirius.com), but you can only make individual channel selections online.

See the reverse side of this sheet for activation instructions.

## You will need the following to activate and subscribe:

- A computer with Internet access and/or a telephone.
- Your SIRIUS radio installed.
- Your SIRIUS radio turned on and receiving a signal.
- Your SIRIUS ID number (ESN/SID) from your radio (turn to channel "0").
- Your credit card or a Prepaid Subscription Card if you have one.

If you are activating your Starmate 5 radio and have chosen your Programming Package, just follow the directions in Step 4 of the Getting Started Guide. If you are activating your radio and want to make A La Carte programming selections, follow the directions below that apply to you.
