Compatible Models are highlighted in Blue, all the other models are pending approval

Models in **BOLD** reflect recently added models

*Eclipse Note:

All the Eclipse models highlighted in **Yellow** requires a software update that is only available from Eclipse. Please Contact Eclipse directly at 1-800-233-2216 and ask for disc sku# - MDV-78D for AVN6610 and 3A1 for AVN2210p.

*Kenwood Note:

All the Kenwood models highlighted in **Yellow** require the KCA-XM100V interface (Distributed by Kenwood) and the Audiovox CNP2000 MiniTuner receiver. These models will not require the CNPKEN1 cable or CNP2000UC Main kit.

All the models highlighted in **Green** reflects that the *The firmware has been tested by Audiovox to work with this head unit, but it has not been certified by XM"
